RECOMMENDATION LETTER FOR NOUMBISSI YAMDJEUSON STANLEY DEREK

It is with great pride and conviction that I recommend Noumbissi Yamdjeuson Stanley Derek for an academic Internship at your esteem institute. Since joining ICT University, Mr. Noumbissi has consistently demonstrated outstanding academic performance, maintaining a GPA above 2.5 in every semester. His strong classroom presence is matched by regular attendance and active involvement in both academic and extracurricular activities.

He is a founding member of the first-ever Robotics Society at ICT University. Today, he continues to lead as the Founder and President, working tirelessly to introduce robotics and automation to the wider student body. He has successfully built and presented a number of working robotic models, including a cleaning car robot, a quadruped robot, and other foundational robots that are being used as learning tools to inspire fellow students.

Beyond his technical brilliance, Noumbissi has shown a deep interest in entrepreneurship. He is not only a builder of machines but also a builder of ideas constantly thinking of how to apply technology to solve real problems in Africa.

Mr. Noumbissi is also highly entrepreneurial. He regularly explores how technology can address realworld challenges, particularly in Africa. His vision for building sustainable solutions through innovation is inspiring. Given his passion for learning, his growing interest in finance, and his drive to understand how technology interacts with banking operations, I am confident that an internship at First Bank would be a significant step in his academic and professional journey. I strongly recommend Mr. Noumbissi for this internship and trust that he will be a valuable asset to your team. Please do not hesitate to contact me should you require any further information.

Sincerely,

INFORMATION & COMMUNICATION TECHNOLOGY P.O.BOX. 526 YAOUNDE ICT-U The Dean REPUBLIC OF CAMEROON UNIVERSITY
